PAPERWORK REDUCTION ACT STATEMENT: The Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.) requires us to inform you that we collect this information to obtain knowledge of equipment and procedures to be used in drilling operations. MMS uses the information to evaluate and approve or disapprove the adequacy of the equipment and/or procedures to safely perform the proposed drilling operation. Responses are mandatory (43 U.S.C. 1334). Proprietary data are covered under 30 CFR 250.118. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. Public reporting burden for this form is estimated to average 1.25 hours per response, including the time for reviewing instructions, gathering and maintaining data, and completing and reviewing the form. Direct comments regarding the burden estimate or any other aspect of this form to the Information Collection Clearance Officer, Mail Stop 4230, Minerals Management Service, 1849 C Street, NW, Washington, DC 20240.

**PUBLIC INFORMATION COPY**

**SDC MOON POOL**

Geodetic Position (NAD27)  
Latitude 70° 31' 38.8" North  
Longitude 148° 10' 37.2" West  
Universal Transverse Mercator Zone 6 West  
Y = 7824945.8 meters  
X = 456210.7 meters

Geodetic Position (NAD83)  
Latitude 70° 31' 37.9" North  
Longitude 148° 10' 48.2" West  
Universal Transverse Mercator Zone 6 West  
Y = 7825093.5 meters  
X = 456098.0 meters  
Rig heading = 88.9° (true)

**Notes:**

1. All dimensions are in meters.
2. Platform coordinates denote position of the moon pool

The "SDC", operated by EnCana, was positioned with a Trimble DSM212L Differential GPS receiver operating on corrections from a base installed by Terra Surveys at station "Dickory". The position was confirmed with static observations using a Trimble 4000 SSI GPS receiver. The heading was determined using an SG Brown Meridian gyrocompass and confirmed with static GPS observations. The "SDC" Moon Pool is set at a location inside Block No: 475, OPD No: NR 6-3, OPD Name: Beechey Point, Alaska and is 477m from the east boundary and 964m from the south boundary of Block 475.

I hereby certify that I am properly registered and licensed to practice land surveying in the state of Alaska. This plat represents a location survey made by me and all dimensions and other details are correct.

Thomas S. Newman, LS 8034
